Mr. John Tennant, has taken his departure for San Bernardino, California, to meet Mrs. Tennant who is spending the summer on the Pacific slope.

W. S. Gillespie of the Cotton Belt, and T. C. Taylor of Gatesville, came down from Coryell county yesterday to return with the excursion which went up this morning.

OFF FOR GATESVILLE.

Waco Sends a Big Delegation of Bandanna Bearers.

The Waco delegation to the grand Democratic rally and barbecue at Gatesville was astr early this morning. Long before the hour fixed for the leaving of the Cotton Belt special, the depot at the corner of Eighth and Mary street was alive with Democrats. A large number of them sported tall white campaign hats, and all carried flaming red bandannas. The train consisted of an engine and three passenger coaches. Engine No. 112, with engineer Kelton in the cab, furnished the motive power and conductor Spray looked after the passengers, collected tickets and smiled at the ladies, of whom there were quite a number on the train. While waiting for the train to pull out, the Central City Cornet band played several lively airs, which contributed a great deal to the enthusiasm of the crowd. Promptly at 8:15 conductor Spray gave the signal and the train rolled out freighted with over one hundred passengers from Waco. Large delegations were expected to meet it at every station, particularly at McGregor where the democrats of Moody, Crawford and Valley Mills get aboard. There was fully a car load from here so Jack Elgin will not be in disgrace when he reports at Gatesville.

Among the passengers the News reporter noticed Alderman A. J. Caruthers, Sheriff Bill Harris, Constable Lee Jenkins, Luke Moore, D. H. Hardy, Chas. W. White, Henry D. White, R. H. Gray, J. E. Egan, Will H. Jones, Haydon Davidson, Russell H. Kingsbury Jr., O. B. Caldwell, L. P. Peck, Shell Hogan, J. E. Elgin, Geo. B. Gurley, Peter McClelland, Dr. W. L. Barker, W. H. Scarborough, J. E. Parker and many others.

Conductor Gillespie, one of the most popular on the Cotton Belt, who has just returned from a summer vacation spent in Tennessee went up as one of the passengers.

A marriage license was issued this morning to Bennett D. Rine and Miss Mattie E. Stanley and the loving couple were at once united by Judge Evans in county clerk Baker's office. The groom was nervous and the bride slightly flustered but the bride maintained a calm and composed demeanor. John Baker, Tony Westgard, Tom Brown, Pink Pogue, Treasurer Wallace, an EVENING News reporter and John Youngquist witnessed the ceremony and stood ready to offer congratulations but Judge Evans would not lead the way.

CITY FINANCES.

STATEMENT OF THE CONDITION OF THE VARIOUS FUNDS.

The Treasury is not Dangerously Depleted—What the City's Resources and Liabilities are.

The report which appeared in the Dallas News special from Waco two days ago to the effect that the city of Waco had overdrawn its accounts \$30,000 has excited a great deal of comment and criticism on the part of taxpayers and officials, and the News presents this evening a summarized account of the condition of Waco's finances, obtained from the city treasurer, Mr. W. W. Seely. While the aggregate indebtedness of the city exceeds \$30,000 that in indebtedness is not in the shape of overdrafts of its accounts but is represented by bills payable, none of which are yet due, and for the protection of which, provision has been made. The condition of the respective funds, according to the statement given by treasurer Seely, is as follows:

CASH ON HAND.

Current fund.....	\$ 282 01
Past indebtedness fund.....	50 47
Sinking fund.....	2,283 60
City hall bond fund.....	27,044 25
Oakwood Cemetery fund.....	670 09

FUNDS OVERDRAWN.

Street fund.....	\$ 438 80
School fund.....	273 76
E. Waco Cemetery fund.....	5 50

It must be remembered, however, that nearly all the funds above stated, which have a cash balance to their credit, are special funds, sacred to certain objects and the money cannot be appropriated or expended in another channel. This is the case with the sinking fund, which is subject alone to drafts to liquidate the outstanding indebtedness due for school buildings and our Telford pavement. The city hall fund, too, can only be used to pay the expense of erecting and completing that structure. From the above it will be seen that the actual amount which the city has overdrawn from the funds available to defray its current and general expenses is \$712.56, and to this may be added the check drawn for the settlement of the pay roll of the street force last month, but this check has not yet been honored.

On the other hand the resources available to the city for the liquidation of its bills payable, and the payment of its current expenses are represented by the amounts due for taxes on the first day of January next, aggregating \$51,967, of follows:

RESOURCES.

Current fund.....	\$17,587 00
Street fund.....	26,380 00
Occupation taxes.....	8,000 00

Total.....\$51,967 00

From this it will be seen that the city is not in such a bad way financially after all, but on the contrary, in the opinion of the officers, she is able to show a much healthier record than any city of equal or larger size and greater resources in the broad limits of Texas. Out of her resources of nearly \$52,000.00 she will be able to take up the \$40,000.00 of outstanding bills payable which are not yet due and have a balance left to meet current general expenses, not sufficient, it is true, to cover all such expenses but sufficient to materially decrease her general liabilities and enable her to procure more money to meet these liabilities as they come up.

The News has in this article endeavored to give a succinct account of the actual financial condition of the city and our readers may rely upon its accuracy, as it is obtained from official sources.

Go to Hill Bros. for school books.

Alexandre Says

Patronizing Waco's manufacturers insures Waco's prosperity. If ever people will make it a point to purchase home products where they are as cheap and as good as the foreign produced article, it would give employment to a greater number of our people and give additional trade to our merchants. Last month four thousand cans of a packages left my store all marked Waco, carrying the news on the label that Waco was large enough to support a Baking Powder Factory, Steam Coffee Roaster and a Spice Mill. Alexandre's Baking Powder is the best sold everywhere for 25 cents. Three men and a boy find employment now and I will add other goods and manufacture them right here and employ more hands if I succeed.

Yours truly,
P. L. ALEXANDRE,
Baking Powder Manufacturer and
Steam Coffee Roaster.

Order now while price is low. Semi-Anthraxite from SEELY & EARLY.
